

# WHAT'S NEW FOR WINTER

The instruments, gear and gadgets that will warm your heart and deafen your neighbors in the new year

## PRS SE SANTANA

### SMOOTH SOUNDS

It won't guarantee that you'll be able to light up the sky with a flaming solo on "Oye Como Va" or "Smooth" like namesake Carlos Santana, but the PRS SE Santana electric guitar (plus a whole lot of practice) might at least give you a fighting chance. The Santana features a maple top on a mahogany body and a rosewood fingerboard with vintage-style PRS bird position inlays. This is the first PRS SE model to be offered with a 24 1/2" scale length. Incidentally, it was Santana's loyalty to PRS that inspired the company to start its special edition electric guitar series back in 2001.
