

WHAT'S NEW FOR WINTER

The instruments, gear and gadgets that will warm your heart and deafen your neighbors in the new year

YAMAHA TYROS4

KEYBOARD COOL

If you're looking to tickle a few ivories in 2011, the Yamaha Tyros4 may well tickle your fancy. Its 993 Super Articulation voices can be manipulated to sound as close as possible to the real thing, whether you want to hear human voices or instruments, acoustic or electronic sounds. Practically every instrument you can think of can be dialed up in a moment, manipulated in different sonic environments and treated with reverb, chorus or EQ. In case you're feeling lonely, the vocal harmony feature even allows you to create your own background singers with the push of a button.
