

## GEAR REVIEWS

**THAYERS VOCAL POWER PACK****Powerful voice protection**

Founded by Henry Thayer, M.D., Thayers has been in the business of producing all-natural herbal remedies since 1847. Thayers Vocal Power Pack was developed to help defend vocalists against two of their most dreaded natural enemies—fatigue and dryness. Thayers Slippery Elm Lozenges provide relief by lubricating and soothing vocal chords. Thayers Dry Mouth Spray works by stimulating saliva production while combating session-killing cottonmouth in the process. Gluten-free, this handy pack helps preserve and protect the only instrument that can never be replaced—your voice.
