## PRS SE MARK TREMONTI CUSTOM TRICKED-OUT TREMONTI

It doesn't take a Creed or Alter Bridge fan to appreciate the new **PRS SE Mark Tremonti Custom**. Revamped and decked out with so many upgrades it hardly resembles the original SE Tremonti, the Custom model splits the difference between PRS's budget-friendly SE lineup and their highly revered standard series. A maple neck and body provide a powerful voice, whose snap and sparkle are captured in every detail by a pair of SE 245 humbuckers. The wide-thin neck carve is also a major improvement, adding fast action that will delight any technical guitar player. PRS even equipped the Custom with their tremolo bridge, a feature normally out of reach for an SE model.
