

## INDIE SCENE

## KENNY ROBY

**Memories & Birds**

kennyroby.net

On this terrific disc of country-soul laments, Roby battles a host of beastly creatures, some metaphors for love and prejudice, others ugly sides of himself. “The Monster,” meanwhile, might *actually* be about something lurking in the woods. Scary stuff—but he sings so pretty.

**‘On this terrific disc of country- soul laments, Roby battles a host of beastly creatures, some metaphors for love and prejudice, others ugly sides of himself.’**
